Digital x-rays will be available within 72 hours of request on any regular practice hours day. **Please note:** X-rays are utilized in this office to help locate and analyze **vertebral subluxations**. These x-rays are not used to investigate medical pathology, however if any abnormalities are found, we will bring it to your attention and if necessary, refer you to another medical professional for advice.

If your child is an infant or under the age of ten, it is unlikely they will need chiropractic postural x-rays. However, please sign below for future reference.
